- Preferential interest rates
- Simple & fast approval process
- Generous credit limit
- Options to postpone payments or to make a minimum monthly payment

Three payment modes available:

12, 24 and 36 months
equal payments

Equal Payments for 12, 24 or 36 Months

Subject to credit approval. Please note this is not an installment plan. The APR for these flexible financing options is 12.9% per annum with a minimum purchase requirement of \$250 (including taxes). The monthly payment is calculated at 1/30th of the new balance under the plan or \$10, whichever is greater. Finance charges are assessed on the average daily balance of the account during the billing period. Finance charges will not be assessed on purchases appearing on your billing statement for the first time as long as you had no previous balance and you pay the total new balance listed on your billing statement in full by the payment due date. If the average daily balance is \$250 / \$500 / \$750 / \$1000, credit charges for 30 days will be \$2.70 / \$5.40 / \$8.10 / \$10.75 respectively (see Cardholder Agreement for full details). Financing offers available at participating stores only. Ask an associate for details.
