

THE MASTER GROUP WELCOMES **YOHAN MARDINI** AS VICE PRESIDENT SUPPLY CHAIN

Boucherville, January 31st, 2022 - The Master Group is pleased to welcome **Yohan Mardini** who will join our team on January 31st as **Vice President Supply Chain**.

A performance-driven professional with 21 years of experience as a leader in supply chain management, Yohan will be responsible for every aspect of supply chain management at Master including forecasting, procurement, warranty, warehousing, logistics and transportation. Yohan will also have overall accountability for inventory management. All these departments and teams brought together in the newly created supply chain organization will report to him.

"As a market leader, Master continues to make significant progress to expand its footprint across Canada and the US both through acquisition and the investment in opening new branches in all regions", said Neil McDougall, President, The Master Group. "We have also invested in new distribution facilities in Vaughan and Calgary and have made a commitment for future expansion to support our Eastern Region to further secure our position as the market leader. The addition of Yohan to our team ensures that we have a strategic leader accountable to develop, improve, maximize and sustain the operational performance necessary to support our continued growth and expansion and we are very excited to have him with us on our Master journey."

Yohan's experience includes managing operations and providing advisory consulting within different industries such as food and beverage, grocery, retail, fashion & apparel, automotive, pharmaceutical, healthcare and telecommunications. He joins Master from Brault & Martineau where he was Chief Operating Officer and has previous experience with Deloitte, Frito-Lay and Audi-Volkswagen, amongst others.

Yohan Mardini

"I am extremely pleased and excited to join The Master Group, one of Canada's Best Managed Companies, and also THE leader in the HVACR market », said Yohan. «It is an honor to accept the leadership of the new supply chain division and to collaborate with its team members well recognized for their excellence and expertise. Globally, Covid-19 has and will continue disrupting supply chain ecosystems worldwide. This is why the pandemic is the catalyst for next level transformation where end to end visibility along with flexibility are critical to support our customers. I am proud to be part of such a grand project and in light of Master's recent success and impressive growth, my mindset targets bringing our customers, suppliers and other collaborators together to create lasting value with our supply chain. I look forward to meeting the entire team and getting started."

ABOUT THE MASTER GROUP

A leader in the heating, ventilation, air conditioning and refrigeration industry, celebrating 70 years in business in March 2022, and named one of Canada's Best Managed Companies since 2010, The Master Group is Canada's largest privately held HVAC-R distributor. Today, the company employs 1,300 dynamic and dedicated team members in Canada and the United States who serve the industry from 55 coast to coast branches and 4 distribution centres in Canada and as of December 2021, through the Value Added Distributors banner in 19 branches across 6 states in the Eastern United States.
